Product Description

BUSHHOG FOR (MINI SKID)

The Blue Diamond® Mini Skid Steer Brush Cutter follows on the heels of its big brother, our extreme duty brush cutter! Using the same robust direct drive system, this brush cutter has raised the bar in the performance of brush cutters used on machines with limited hydraulic flow as low as 13 GPM. This unit will work with flow up to 26 GPM.

FEATURES INCLUDE :

Available in 36", 42", or 50" widths

3 double-sided blades

4000 series Geroler motor

Dual-direction cut

3/4" thick blade carrier

Works with 13GPM-26GPM

Open front exposes 2 1/4" of blade for cutting larger material

APPLICATIONS:

Maintaining parks and trails

Land clearing

Mowing overgrown areas

Access tighter areas
