Product Description

KUBOTA KX033 w/Thumb w/Blade

With an available Extended Dipper and optional hydraulic angle blade, the Kubota KX033-4 is unlike any compact excavator you've ever seen before. Dig comfortably, with a spacious cab, and make sure that you can get the job done the right way, every time. Once you sit down behind the controls of the KX033-4, you'll never want to step away.
