Product Description

BOSTICH ANGLE

This 15 ga "FN" style angled finish nailer kit is a convenient tool that offers an led work-light for jobs that go into the night and a rear exhaust that directs the air away from you while you are working. Easily and quickly switch between drive modes. Depend on this finish nailer kit for efficiency.

World's First 15ga tool with ultra-quiet rear exhaust to direct air away from the user

Integrated air blower allows user to clear away debris from work surface (patent-pending)

LED work-light for working in closets and dark spaces

Adjustable trigger with safety lock-out allows the user to choose between single or multiple fastener drive mode

16" on-center gauge fl ips out for quick and easy installation of baseboard (patent-pending)

Other features include: Oil-free operation, rear trip design for clear line-of-sight and dial-a-depth adjustment for precise fastener placement

Kit includes: Tool, Carrying Case, 2 Standard No-Mar Tips, 4 Profile No-Mar Tips, 1/4" Air Fitting
