Product Description

Big Green Egg Modern Farmhouse Table 69-Inch for XL EGG

The Big Green Egg Modern Farmhouse Table in the 69-inch format for the XL EGG is the largest Modern Farmhouse Table in the 2025 Big Green Egg lineup, providing a full outdoor kitchen installation for the XL Big Green Egg with generous counter space and a contemporary design aesthetic. Built from high-quality aluminum and steel with a durable powder-coated finish, the table includes watertight storage compartments, a heavy-duty shelf, stainless steel logo plate, solid stainless steel door pulls, four casters, and integrated levelers. A lifetime warranty covers the table's construction quality.

69-Inch Format Proportioned for the XL EGG

At 69 inches in length, the Modern Farmhouse Table for XL EGG provides a table footprint that is proportional to the XL EGG's large cooking format. The XL EGG's center opening is wider than the Large EGG's opening, and the 69-inch table length provides enough counter space on either side of the XL EGG opening to create a functional prep and staging area for the large-group cooking sessions the XL is designed for. The extended 69-inch counter surface accommodates the volume of ingredients, tools, and finished food that a cook managing 12 to 24 servings simultaneously requires. The 69-inch Modern Farmhouse Table for XL EGG is the most complete and spacious XL EGG table installation available in the Big Green Egg lineup.

Contemporary Design for Modern Outdoor Kitchens

The 2025 Modern Farmhouse Table design was developed to address the growing demand for outdoor kitchen equipment with contemporary aesthetic appeal that complements current outdoor living design trends. The clean lines, powder-coated panel construction, and stainless steel accent elements of the Modern Farmhouse Table align with the design language of contemporary outdoor spaces that feature porcelain tile, natural stone, and modern outdoor furniture. The table's farmhouse-influenced proportions and material warmth prevent it from feeling cold or industrial in settings with traditional design elements as well, making the Modern Farmhouse design broadly compatible with a range of outdoor aesthetics.

Aluminum and Steel with Powder-Coated Finish

The 69-inch Modern Farmhouse Table for XL EGG uses aluminum and steel construction with a weather-resistant powder-coated finish. These materials provide dimensional stability in outdoor conditions without the maintenance requirements of wood outdoor furniture. The powder-coat finish resists UV fading and surface

corrosion through years of outdoor exposure. Stainless steel door pulls and logo plate add a polished metallic accent to the panel surface and provide durable, corrosion-resistant hardware that holds up in outdoor conditions without discoloring or pitting.

Watertight Storage and Mobility Features

The 69-inch table includes watertight storage compartments with stainless door pulls, a heavy-duty internal shelf, integrated levelers, and four casters. Watertight compartments protect stored charcoal, accessories, and equipment from rain. The heavy-duty shelf provides additional storage capacity within the table structure. Four casters allow the loaded XL EGG table to be rolled on flat patio surfaces. Levelers ensure the counter surface is level on patio surfaces with minor irregularities.

Specifications

Table length: 69 inches. Material: aluminum and steel with powder-coated finish. Includes: watertight storage compartments, one heavy-duty shelf, stainless steel logo plate, solid stainless steel door pulls, integrated levelers, and 4 casters. Compatible with XL Big Green Egg (requires Table Nest, sold separately). Backed by a lifetime warranty.

Purpose-Built for the XL EGG

The 69-inch Modern Farmhouse Table is dimensioned specifically for the XL Big Green Egg, providing ample prep and staging surface on both sides of the EGG while maintaining the refined aesthetic of the farmhouse design. The longer table format accommodates the larger footprint of the XL EGG while still looking proportionate and intentional as an outdoor kitchen centerpiece. For XL EGG owners cooking at scale, this table provides the workspace and style that matches the ambition of the setup.
